# INTRODUCTION TO HOANG MINH TRANSPORT

Transportation of goods is one of the important services that contributes to the economic development of the country. In recent years, thanks to the development of infrastructure, the delivery of goods has become faster and more convenient. As a result, many commercial contracts have been signed and products of many companies and corporations can reach customers as soon as possible at competitive prices.

However, it is not easy to choose a reputable and high-quality transport partner. Understanding these difficulties and concerns of customers, Hoang Minh Transport Company was founded to meet the growing demand for freight transport activities in Ho Chi Minh City and provinces across the country. We do not dare to claim that we are the best unit, but we can affirm that Hoang Minh Transport Company is one of the reputable transport companies with many years of experience in providing road freight transport services. We have been a key partner of many companies and large corporations in delivering products to customers over the years.

To best meet the strict requirements of many businesses for transport units, Hoang Minh Transport Company has invested in various types of trucks with different load capacities. And supporting vehicles such as forklifts, cranes to facilitate professional, safe and efficient loading and transport of goods. At the same time, we also offer the most preferential and competitive service charges so that transporting goods does not become a burden for businesses.

The team of drivers and assistants at Hoang Minh Transport Company are professionally trained, always ensuring the safety of customers' goods and delivering them on time.

In addition, our young, dynamic and enthusiastic dispatch team has a deep understanding of the freight transport industry and can advise customers on the fastest, most effective and economical solutions. Along with a wide range of clean, secure and well-maintained warehouses to ensure the safety of customers' goods.

# TYPES OF SERVICES PROVIDED

## CARGO TRUCKS

With a fleet of trucks ranging from 1 to 34 tons, we have all the necessary permits to transport all types of goods, ready to meet all customer needs for freight trucking.

## SPECIALIZED CRANE TRUCK

With years of experience in the crane industry, we have crane trucks ranging from 1 to 15 tons, specialized KATO cranes ranging from 20 to 100 tons.
